Dear Sirs,

Regarding the PDC Case 11-011, 2010 Shawn McEvoy Campaign, I dispute the findings of fact in this matter.

In particular #4 finding of fact asserts that an ammended 21 day pre-primary C-4 report was filed on Sept. 14, 2010... The C-4 report disclosed previously unreported campaign expenses totaling $4,526...

In fact the campaign expenses were, by the PDC's own admission (see cover of C-4 and exhibit #4 dated Feb. 15, 2010) received August 27, 2010.

It is my assertion that all of my original C-4's were filed in a timely fashion and complete. When I was contacted by Randy Unruh of the PDC, I complied with his requests and I believed I answered all questions to his satisfaction. I have repeatedly provided copies of those C-4's. I believed the matter closed until I was again contacted by him this Feb. I once again answered his questions which led me to believe the matter was concluded.

I do not believe it is now fair to hold me in disrepute for actions beyond my control.

I have served as a Councilmember and Mayor for the City of Normandy Park honorably and with distinction since 2002. I have no previous violations with the PDC.

I request a review of this Initial Order by the entire Commission.

Sincerely,

Shawn McEvoy
