Title of rule and other identifying information: (describe subject) This rule is being proposed under an expedited rule making process. If you object to the use of this expedited rule making process your objections must be sent in writing to Barbara Sandahl, PDC, PO Box 40908, Olympia, WA 98504 or email at pdc@pda.wa.gov.

Technical amendments to WAC 390-32-030

Purpose of the proposal and its anticipated effects, including any changes in existing rules: Two WAC are referenced in WAC 390-32-030 which have been decodified and reference should be made to the current citations. This change will have no material effect on the WAC and will reduce possible confusion by the public.

Reasons supporting proposal: WAC-32-030 references WAC 390-37-055 – the correct reference is WAC 390-37-060 and WAC 390-37-056 should be referenced as WAC 390-37-061. The changes will reflect the correct WAC in both cases.

Expedited Adoption - Which of the following criteria was used by the agency to file this notice:

- Relates only to internal governmental operations that are not subject to violation by a person;
- Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;
- Corrects typographical errors, make address or name changes, or clarify language of a rule without changing its effect;
- Content is explicitly and specifically dictated by statute;
- Have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or
- Is being amended after a review under RCW 34.05.328.

Expedited Repeal - Which of the following criteria was used by the agency to file notice:

- The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;
- The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;
- The rule is no longer necessary because of changed circumstances; or
- Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

Explanation of the reason the agency believes the expedited rule-making process is appropriate pursuant to RCW 34.05.353(4): Will remove decodified WAC reference and replace with current WAC reference. Technical in nature.
