Wish to comment on, "Enforcement Report – Categorization and Status of Open Complaints" for the 23 March 2023 meeting. Please ask for a status update on Case #120879 and when can the Commission expect to have to render a decision?

I want to be very, very clear here - the Commission should demand that candidates pay their fines, not use public comment for campaigning and fill out their forms. But that's me. More later when Case #120879 is before the PDC.
