Hi there PDC;

Joe Kunzler here, my written comments for the 23 Oct. 2025 PDC Regular Meeting. I'd also like to try to make oral comment as well.

A few basic questions Commissioners should please ask staff:

- 1) Why aren't the monthly enforcement reports generated by PDC staff not also online?

- 2) What is being done to accelerate collection from and compliance of those whom the PDC has found wrongdoing with?

- 3) Will the PDC please seek new enforcement tools in January to stop complainants with outstanding fines from getting on the ballot again?

- 4) On [case #172600](#), now that it's been *alleged* that Avrum (Alex) Tsimerman may have a campaign consultant as just one of the new revelations from OPERATION DEMOCRACY'S HAMMER to stop Tsimerman's hatefest on landing on the King County Primary Election Voter's Pamphlet, what will be done to hold Tsimerman accountable for his noncompliance and reign of terror of the region?

In conclusion, I quote to you my President, not Donald Trump: NEVER AGAIN MEANS NEVER AGAIN. I also quote to you Sanna Marin, "Freedom of speech and other true elements of democracy are being questioned and limited all over the world. Whether this means diminishing the truth with false balance or using our personal data to influence our democratic elections, the rule of law as well as freedom of expression and the media need active defending." You are that defense, the Never in Never Again.

So defend democracy by not letting Case 172600 slip thru like Game 7 in Toronto. We got the home runs. Now you pitch the strikes.

Seize the moment;

Joe A. Kunzler
