Date: 5/14/2012 3:51PM Duration: 0.05
Subject: .555 self-disclosure: North Beach Water District
From: Tami Herman, formerly of N. Beach WD
To: TPERKINS Returned: N Status:
Contact: 360-642-0595 (H)

Her husband is Bill Herman, running for Pacific Co Commn. She has been working a great deal of overtime and thought it was acceptable to print personal documents at the office. She normally emailed a number of campaign docs to her work address from her home address.

There were five or six instances of using the office printer:
25 copies of an entry form for golf tournament
Car signs (appx 50)
25 copies of a 2-up card
(2 -3 other instances maximum, appx 150 pieces total.)

General manager William Neal was using WD printing equipment to make books or pamphlets for local homeowners' assn (not related to WD work). Tami helped him with the equipment, and in doing to it occurred to her to ask if she could do the same for her husband's campaign. Neal authorized her to use the office printer.

No printing occurred during work hours, only after hours or on a break. Her own paper was used in every instance.

She also emailed campaign-related Web links to her work address, and followed those links during business hours, but only during a lunch or other break.

On her computer desktop (not in the public area), she displayed her husband's campaign logo.

Q: Who authorized Tami to use agency facilities to assist her husband's campaign?

A: William Neal GM - authorized printing
Tia Crisifulli (past Office Manager) - authorized computer use

Today, following a staff meeting to discuss the use of facilities to assist her husband's campaign, Tami was terminated by GM William Neal. She believes that her termination was caused by anatagonism against her from a water commissioner, R.D. Williams, and that the campaign activity she conducted from the office was a pretext.

Four days ago Williams asked for Tami's SSN and DOB so that he could add her name to a credit card that she said "he shouldn't have." WD rules allow two agency officials to have credit cards: GM and office manager. Board members are not authorized to have a separate credit card. R.D. Williams opened up a 25 K credit card. Other commissioners ordered the account closed. Williams did so, but then opened another card with a lower limit. It was this card that he wanted to add Tami's name to, and she refused.

WD employees Brian Leroux and Jason Crisifulli both stated to Tami this morning that what she had done "couldn't be that bad," because water commissioner R.D. Williams ran his 2008 campaign out of the WD office, including agency equipment and staff. However, Williams was a non-incumbent in that race. Tami was not employed by the WD at that time, so she couldn't explain how a non-incumbent managed to run his campaign out of the WD office.

Description of Complaint

1. RESPONDENT:

Identify who you are filing a complaint against and provide all contact information you have for them. Give names and titles, if any, for individuals, and the full name of any organization. Please note that the PDC does not enforce federal campaign finance laws or local ordinances.

Example #1: Joe Public, Mayor of My Town,

123 Main Street, Your Town, State, Phone: 555-123-4567, Email: unknown

Example #2: The Political Action Group (instead of P.A.G.), 123 Main Street, Your Town, State,

Commissioner R.D. Williams, Commissioner Gwen

Brake, Commissioner Brian Sheldon

PO Box 148, Ocean Park, Wa 98640 (360) 665.4144

(* see reverse page 3)

2. ALLEGED VIOLATIONS:

Explain how and when you believe the people/entities you are filing a complaint against violated RCW 42.17/RCW 42.17A or Title 390 WAC. Be as detailed as possible about dates, times, places and acts. If you can, cite which specific laws or rules you believe were violated. Attach additional pages if needed. (Note that the RCW 42.17 citation applies to conduct before 2012 and the RCW 42.17A citation applies to conduct on or after January 1, 2012.)

RCW 42.17A: In late 2011/early 2012 Gen Mgr William Neal gave me permission
to receive by email campaign info. & templates that I could
later print for a campaign. In April at the Regular Meeting
(4/16/12) Commissioner Williams gave the other Commissioners
and GM Neal printed materials regarding the RCWs in executive
session. Therefore all the Board & GM realized a law was
being broken, yet it was not disclosed to any staff or public.
On May 10 a special meeting was held to consider charges
against me. GM Neal disclosed to the Board that I had
the materials on the office computer - (yet he did not tell ->

Cont'd

them that he had given me permission)

The next day I was terminated. Mr Neal only quoted the RCW and said charges were filed against me.

I called the PDC to explain & find out what damage would be done to the campaign I represent. I spoke with Tony Perkins. Tony told me that no complaints/charges were filed.

- 1) So; against RCW 17.A GM Neal gave me permission to have and print campaign materials.
- 2) The Board of Commissioners became aware of this law in April 2011 and did nothing - including discuss with me or other staff.
- 3) GM Neal was not honest about "charges" filed and never alerted the proper authorities (PDC) of the violation.

Mr. Philip E. Stutzman,

I am writing this letter in response to your letter dated September 12, 2012 regarding PDC Case No. 13-002. In your letter, you requested a response by September 28, 2012 to the allegations found in Tami Herman's complaint, dated June 17, 2012. This letter and its attachments constitute that response.

Allegation 1:

Ms. Herman alleges that I gave her permission to receive, print, and use political campaign documents and templates via e-mail to the North Beach Water District office.

Response 1:

This allegation is untrue. I categorically deny ever giving Ms. Herman permission to use North Beach Water District's computers, time, or other resources to e-mail, print, and/or use documents related to her husband's political campaign. I have never given such permission to Ms. Herman or any other employee of North Beach Water District.

Allegation 2:

Ms. Herman alleges that the general manager and commissioners knew that certain election laws were being broken due to the fact that Commissioner Williams had provided "printed materials regarding the RCW in executive session."

Response 2:

PDC Exhibit # 4

This allegation is untrue. At the April 16, 2012 regular meeting of the Board of Commissioners of North Beach Water District, Commissioner Williams provided a copy of PDC Interpretation 04-02 to Commissioner Brake, Commissioner Sheldon, and me. A copy of the PDC Interpretation is attached to this letter as Exhibit "A." Commissioner Williams presented the document during the "Board Member Comments" portion of the meeting. Board Member Comments are made in open session. My understanding is that Commissioner Williams presented the document because he had noticed campaign signs on personal vehicles parked near the District's business office and campaign buttons being worn by some District employees. I gave the document a cursory review and filed it with the other materials from the board meeting. I had no knowledge of, nor reason to suspect that any law was being violated at that time. There was no discussion of Ms. Herman or possible campaign law violations during the executive session or during the open session.

Allegation 3:

Ms. Herman alleges that I told her charges would be filed against her.

Response 3:

This allegation is also untrue. On Tuesday, May 1, 2012, an employee who has access to Ms. Herman's computer confidentially reported to me that they had discovered documents on Ms. Herman's District computer that were related to Ms. Herman's husband's political campaign. The employee also told me that they had knowledge of Ms. Herman working on her husband's political campaign at work. I accessed the District's computer and found voluminous materials related to Ms. Herman's husband's campaign for Pacific County Commissioner, including campaign slogans, letterhead, "model releases" related to his campaign, planning maps, organizational charts, business listings, mailing addresses, and other items related to his campaign for political office. I copied the files in question to a USB flash drive. Copies of the documents in question that were found on Ms. Herman's computer are attached to this letter as Exhibit "C."

Ms. Herman's employment with North Beach Water District ended Friday, May 11, 2012. On that day, I meet with Ms. Herman at about 10:00 a.m. and showed her the political campaign documents discovered on her District computer and asked if the documents were hers. She replied, "Yes." She told me she did not create the documents on the District's computer, but that she had e-mailed them to herself so that she would have access to them at the District's offices during the day. I informed her that just the fact that the documents were on her computer constituted a violation of the law and of District policy. I informed

Ms. Herman the incident would be reported to the Washington State Auditor, as required by law. I then told her she was being discharged effective immediately. I asked her to gather her personal things and leave the building.¹ On May 14, 2012, the District mailed Ms. Herman a termination letter. A copy of the termination letter is attached to this letter as Exhibit "B."

The District reported the above issues regarding Ms. Herman's actions to the Washington State Auditor. After careful consideration, in light of the information available at that time, it was determined that Ms. Herman's activity, although inappropriate, did not necessitate reporting to the PDC at that time.

I am pleased to cooperate fully with your investigation of this matter. If you need additional information that is not contained in this letter or its attachments, please contact me.

Sincerely,

William Neal

General Manager

North Beach Water District

¹ While Ms. Herman was gathering her personal items, I took a call from a vendor. The call lasted less than three minutes. When I finished the call and returned to the front office, Ms. Herman was operating the office manager computer, even though her employment had been terminated. I asked Ms Herman not to operate the computer. She said she was just writing down file names. She gathered up the rest of her personal effects and left the building. I then accessed the same computer and noted that the recycle bin was empty. I immediately took steps to clone both the billing clerk and office manager computers used by Ms. Herman so that that any remaining information on them would be preserved. The clones are available for your inspection upon request.

Re: Letter of Dismissal

Dear Ms. Herman,

This will confirm that we found voluminous material on the computer you used related to your husband's campaign for County Commissioner. Some of the material on the computer included campaign slogans, letterhead, "model releases" related to his campaign, planning maps, organizational charts, business listings, mailing addresses, and other items related to his campaign. It is a violation of law, specifically RCW 42.17A.555 for any public employee to use public property such as a computer to aid and assist in a campaign. That statute provides:

No . . . person employed by any public office or agency may use or authorize the use of any of the facilities of a public office or agency, directly or indirectly, for the purpose of assisting a campaign for election of any person to any office Facilities of a public office or agency include, but are not limited to, use of stationery, postage, machines, and equipment, use of employees of the office or agency during working hours, vehicles, office space, publications of the office or agency, and clientele lists of persons served by the office or agency. . .

A person who violates RCW 42.17A.555 is subject to a civil penalty of not more than \$10,000 per violation. We are required under RCW 43.09.108 to report to the state auditor our findings, and we intend to do so.

Because of the seriousness of this, and the fact that a law designed to protect the public that we serve was violated, I have decided to terminate your employment effective immediately. Your final paycheck will be sent to you during the course of the next normal payroll period, and any documentation necessary for the conclusion of your employment or the continuation of any benefits, if applicable, will also be sent to you at the address the District has on file for you.

If you have any items in your possession that belong to the District such as keys, credit cards, files (electronic or paper), or any other items please call me at (360) 244-0068 to make arrangements to return them without delay.

Dear _____:

My name is William "Bill" Herman, Jr. and I have declared my candidacy for Pacific County Commissioner for District I.

County Government Accountability, Property Owner's Rights and Small Business Empowerment are the basis of my platform; but there are so many more challenges that need our attention. Business owners know this better than most and must face these issues head on.

In the next few weeks I will be visiting businesses and I would like to take a few minutes of your time to discuss your concerns and hear your thoughts toward solutions.

In the meantime, feel free to contact me at (360)244-0310 or visit www.vote4billherman.com. Soon you will see information regarding Meet & Greet Events hosted by supporters. Please consider this my personal invitation to attend!

I look forward to speaking with you and thank you in advance for any and all support!

Summary of relevant parts of telephone interview of Tami Herman

PDC Case No. 13-002: Conducted March 13, 2013

The following is a summary of the relevant parts of the telephone interview conducted of Tami Herman concerning allegations that she violated RCW 42.17A.555.

Ms. Herman was hired by the North Beach Water District (NBWD) on January 27, 2011 as a Utility Billing Clerk, and when she was hired, there were two district employees in the office, Tia Cristfulli, Office Manager and herself as the billing clerk. She stated Mr. Neal was hired as the General Manager for NBWD on February 14, 2011, but that he was not considered part of the office staff and was not in the office on any set schedule.

Ms. Herman stated that the water district has 2,500 customer accounts to maintain, and her duties included sending out the billing statements, collecting and recording the return payments from customers, and receiving telephone calls and e-mails from water district customers. She stated she initially worked a set schedule, but there were so many water district files to maintain, she typically worked between 30 to 100 hours of overtime each month, which was approved by Mr. Neal. She stated on April 1, 2012, she became the Office Manager for NBWD and she reported to Mr. Neal. She stated she was the official Office Manager for a total of one month and 11 days, until she was terminated on May 11, 2012.

PDC staff noted during the interview that William "Bill" Herman Jr. filed a Candidate Registration (C-1 report) on December 16, 2011, declaring his candidacy for Pacific County Commissioner in 2012. Ms. Herman was listed on the C-1 report as the campaign treasurer.

Ms. Herman stated that beginning in January and February of 2012, she began wearing her spouse's campaign button in the office, and after that she began displaying a campaign sign in support of her spouse in her private vehicle parked in the district parking lot. In addition, she displayed a picture of her spouse's campaign sign on her office computer as a screen saver. She stated she did not seek or receive permission from anyone prior to her personal expressions of support for her spouse's campaign. In fact, she stated that she did not have any discussions with any district staff concerning her personal expression for her spouse's campaign, including Mr. Neal prior to her becoming Office Manager.

Ms. Herman stated Mr. Neal's family owns a well drilling company, Arcadia Drilling, Inc. that specializes in drilling water well, but that Mr. Neal is not involved in the day-to-day operations, but that he is a part owner. She stated that prior to Mr. Neal being hired by NBWD, he served as water manager for Surfside Homeowner' Association (SHA) located in Ocean Park, a private homeowner's association that has its own water supply. When NBWD began providing the water for SHA, it was based on an agreement between the two entities in which NBWD would manage the water for SHA.

Ms. Herman stated that when she was the districts billing clerk, Mr. Neal frequently was working on non-water district activities that included SHA, Arcadia, and his church where he served as an elder. She stated one night when she was working overtime, Mr. Neal was printing some brochures that she stated were related to SHA on NBWD's on the big office copier.

Ms. Herman stated the copies made by Mr. Neal printed but did not properly collate or staple. She stated she stepped in and stopped the print job and offered to make the necessary corrections rather than reprint the SHA brochures. She stated she thought about the fact she was working late and she still had to make copies for her spouse's campaign, and after she re-collated the printed materials she dropped the brochures off in his office and made a request of Mr. Neal. She stated she explained the circumstances to him and during the conversation, she proposed that she e-mail the campaign-related documents from home to her work computer at her work e-mail address. She would then open her spouse's campaign documents on her work computer, and make the campaign copies as needed using the water district printer.

Ms. Herman stated that she offered to provide the paper form either the campaign or home to make the copies, but that Mr. Neal said that she did not have to use her own paper. She countered by informing him that she was going to provide the paper to use for printing, either from the campaign or home since she felt that was more appropriate.

Ms. Herman stated that during her telephone conversations with PDC staff member Tony Perkins in May and June of 2012, she confirmed that she had used the office printer on five or six occasions to print campaign materials for her spouse's campaign. She stated that she never conducted any campaign work during "customer face time" hours which was between 8:00 am to 5:00 pm, and she only worked on campaign activities as needed by the campaign. She stated that her activities related to her spouse's campaign typically occurred in the evening when she was working overtime as the billing. She stated she conducted the following campaign activities for her spouse's campaign:

Entry form for spouse's campaign golf tournament: Ms. Herman stated that she took a break from printing the billing statements, and opened up the e-mail she had sent from home concerning her spouse's campaign golf tournament. She stated that she spent about 10-15 minutes printing the forms using paper she had brought from either her home or the campaign. Ms. Herman stated during her telephone conversations with Mr. Perkins that she printed 25 copies of the entry form.

Campaign car signs: Ms. Herman stated that she printed some of the campaign car signs using the NBWD printer and the signs were printed on blue and green paper she had brought from the campaign. Ms. Herman stated during her telephone conversation with Mr. Perkins that she printed a total of 50 her spouse's campaign car signs.

Campaign "Meet and Greet" invitations: Ms. Herman stated she printed what she referred to as a 2-up card which invited recipients to a May 2012 meet and greet with her spouse as the candidate. Ms. Herman stated during her telephone conversation with Mr. Perkins that she printed about 25 of the invites using the NBWD copies with paper provided by the campaign.

Spreadsheets: Ms. Herman stated that the majority of the work she conducted on her spouse's campaign spreadsheets was conducted on her personal laptop, away from NBWD offices.

Ms. Herman stated she e-mailed her spouse's campaign document to her office e-mail address, and on a few occasions she would use her office computer to open one of the spreadsheets, and work on the information or print the documents. She stated that she could not quantify the time she spent working on those documents, but that it was not frequent.

Use of office computer for campaign purposes: Ms. Herman stated that she used her office computer on three or four occasions early on in the campaign to conduct internet searches for campaign related information. She stated the information was related to her spouse's campaign, and the information collected she either used or inserted into one of the campaign spreadsheets, such as queries she conducted on the Pacific County Auditor's website concerning her spouse being a candidate.

Ms. Herman reiterated that she felt she not terminated for using water district facilities to support the campaign of her spouse. She stated she believed that since she had already displayed the campaign materials and received permission from Mr. Neal to use the water district printer when she was billing clerk, and she still was promoted to the Office Manager position. She stated as Office Manager, she continued to display the campaign materials.

She alleged that after being promoted to Office Manager for the NBWD, she had an issue with one of the Water District Commissioners, RD Williams. She alleged the Commissioners had credit cards issued through the water district in their names, and she felt there were some questionable charges, including expenses for Mr. Neal's drilling company. She alleged she did not see any receipts that had been turned in for some of those reimbursements. She stated they approached her and wanted her SS# and DOB so they could put her name on a NBWD credit card that they would use for expenses, and that she refused. She felt that was in part, one of the reasons she was terminated.
