

On June 16, 2017 at roughly 35 minutes into the Liberty Lake city council meeting, Mayor Steve Peterson began soliciting donations from the audience, including city council and city staff that were present to support a bond measure that is going on the ballot later this year to build a community center. Councilman Dan Dunne when on the record agreeing to give \$200 to the cause.

I believe this is in direct conflict with RCW 42.17A.555

The Liberty Lake City Council meetings are recorded via a tape recorder and can be requested.

Please advise as I'd like to know the findings on the issue.

Thank you
