

File a Formal Complaint - Anthony Wallace

[Acwallace78](#) reported a month ago (Thu, 13 Jul at 10:29 AM) via Portal Meta

Carolyn Cox is utilizing a website which in no way indicates who paid for the website.

There is not even a good faith effort to indicate a committee name on the website, anywhere findable.

To preserve the image exactly as seen, I have created an actual archive:

<http://archive.is/W7dJ5> is the archived website as of 7/13/17

The main site itself may be found at <https://choosecarolyncox.org/> .

As I understand it, the website is a form of mass communication. Has it ever been compliant?
