

## **File a Formal Complaint - Greg Fazio**

**Greg Fazio** reported (Mon, 2 Oct at 6:16 PM) via Portal Meta

Karen Steeb, an incumbent candidate for the Woodinville Water District (WWD), position 1, is disseminating private information about Greg Fazio, also a candidate for WWD, position #1, that could only be obtained through her position as a commissioner at the WWD. To wit: She has posted on her website that Greg Fazio is not a Woodinville District customer on the first page of her website. <http://karensteeb.com/>

This is not public or common knowledge, nor is true. It is true that Greg Fazio has a well. That information is in the public domain. Whether or not Fazio is a "customer" is definitely not public and could not be known unless Steeb used WWD resources and /or staff to research his status as a customer. Greg Fazio is demanding that Steeb remove any reference to his "customer" status from her website as it false and misleading to potential voters and to cease using WWD resources to benefit her campaign, a direct violation of RCW law.
