Regarding WA PDF case#30674; the following information is provided: it appears that campaigners for the VOTE YES KELSO SCHOOLS are being allowed to utilize the KSD property for storage of their campaign materials.

On 6FEB2018 at 15:25 Hrs., I observed several Caucasian female campaignners emerging from the Catlin Elementary School with VOTE YES KELSO KIDS signs.

The campaigners stood in front of the address located on the 400 Block of Long Ave. with said signs in hand.

Certainly KDS intra school video surveillance cameras, which is subject to the Freedom of information act, will confirm the information above.

No further information at this time.
