**Violation: RCW 42.17A335 (2)** Political advertising or electioneering communication—Libel or defamation per se. (2) For the purposes of this section, "libel or defamation per se" means statements that tend (a) to expose a living person to hatred, contempt, ridicule, or obloquy, or to deprive him or her of the benefit of public confidence or social intercourse, or to injure him or her in his or her business or occupation, or (b) to injure any person, corporation, or association in his, her, or its business or occupation.

Complaint:

A mistake in the C4 Schedule of a PDC report for Rep. Gina McCabe (screenshot May 16,2018) led this candidate on a quest for accountability and transparency. I am aware that she can exercise her right to request information, *I'm questioning the public use of* obtaining such information that is creating a safety concern (she published and is circulating my home address online) and impact to my business (calling to question my services, rates, and licensure). Her allegations are false and the candidate has publicly affirmed that she was informed of the C4 error via her social media post (screenshot May 18, 2018). I further attest that I have no involvement in Rep. Gina McCabe's campaign. I've had UBI since 2016 and recently requested a local license as I'm working to expand my business locally. She took her access to public disclosure as an opportunity to again misrepresent information obtained through her request for information (see screenshot) and now claims my license was obtained to phone bank? My concern is that this candidate is taking liberties to make assumptions on information she has obtained through public records and is publishing information that is not factual, as a result is exposing me to harm both personally and professionally.
