The story written and the video filmed by American Patriots Unsung magazine was filmed in 2017 in the April-June time frame. The Producer of the magazine has done many stories concerning the Spokane County Sheriff's Office and did this story in reference to my stance on holding people accountable to high standards.

This story was not done in relation to my campaign and the story ran this month in the American Patriots Unsung magazine. I had no control of when the story was published. For further details please contact Rick Stewart of American Patriots Unsung Magazine- 541-554-5904.

I would like to know the status of the complaint I filed on Mr. Maclay several months ago, PDC Case 32827.

Micaiah,

This is from my FaceBook post concerning the magazine article:

It's All About the Public's Trust: In late 2016 Rick Stewart of American Patriots Unsung Magazine contacted me about doing a story on Law Enforcement and Public Trust. Rick and his partner Mike Weaver met with me in February 2017 about the project and filmed the project between April and June of 2017. The Story ran in this months edition of American Patriots Unsung Magazine.
