Good morning Micaiah,

Thank you for reaching out to me on this issue.

I filed for the election on March 2, 2018. My campaign account was opened on April 25th with my first contributions deposited.

The first expenditure to Gibbs Graphics was paid on May 14 for banners and logo design concerning this complaint.

Since this is the first campaign for both Arroyo Accounting and myself, an electronic filing was not able to be made by May 10th, so a hand written filing was mailed on May 10th and then followed up with an electronic filing.

To the best of my knowledge, we are current with all filings and reporting to the PDC. The PDC site should catch up next time it is reviewed by the public.

Please reach out to me if further clarification is needed.

Thank you,

Shon Smith
