Received a call from an unknown male asking questions regarding the radio ads for Jackie Lopez Giddens. His questions were: How many spots aired, when did her spots begin, the amount of cost per radio ad. I initially thought he was part of her campaign group who was making sure the ads were played as requested on her contract with us. He asked if she had paid her bill and I told him yes, she had paid for July. It was at that time I asked him if he was part of her campaign. He told me he wasn't part of her campaign but that he was running against her in the election and that he was interested in getting spots on our radio station. He said he kept hearing her ads on the radio. I took down his contact information and gave it to our account rep Kelly.

Michael Killian, Had contacted me in regards to Advertising with Jacobs Radio a few weeks back. Michael had stated that he would like to schedule his advertising for his current campaign to run around the same dates as Jackie Lopez Giddens. So I reviewed the dates that Jackie would be running with Jacobs Radio which was around October 24th to around November 6th which I had discussed with Michael those dates and asked if that was what dates he would also like to run his ads? No

other conversations about Jackie's advertising was discussed other than the request to run around the same dates and pricing.
