Dear Micaiah Titus Ragins,

I would like to clarify this. I filled this complaint because I did not receive any acknowledgment that these issues have been added as a supplemental complaint to case 40870.

After putting this information into the website, a few days after I receive an email indicating that these issues have been added to my pervious complaint. This should be added to case 40870.

It would seem to be most efficient to combine this with #40870. I would like to add an additional violation. The Snohomish County Democrats have failed to report expenditures of \$3000 for a catering and \$5000 for facility rental for the September 29th Blue Wave Gala. These expenditures were paid weeks ago but never reported on C-4s.

Thank you,

Kelly Wright
