

File a Formal Complaint - John

John reported a day ago (Mon, 25 Jul at 12:09 PM) via Portal Meta

Pend Oreille County Fire District #4 is currently running an EMS levy and they have "Vote Yes for EMS Levy 2016" on the official marquee outside their Dalkena Station. It is my understanding that the Fire District cannot take an official position on levies. The station is located at 11 Dalkena St, Newport, WA. Their phone number is 509-447-2476. Also they have the following statement on their website (<http://www.pofd4.org/updates.php>): "As you can see with the passing of this levy we will be able to continue this much needed service as well as increase our level of care, services provided, number of EMT's responding, apparatus and safety equipment for our responders. We would be grateful for your yes vote as I'm guessing you will be in the event you have a need for our services."
