

## File a Formal Complaint - Debora Zalaznik

It has come to my attention that William "Bill" Jenkin, candidate for State Representative in the 16th Legislative District, has failed to properly disclose financial information as required by state law. Bill's campaign had campaign signs publicly displayed as of late May, two rounds of mail pieces and numerous newspaper ads. Bill responded to my inquiry indicating he had raised (spent) \$28,000 in June for a total of \$60,000 to date. However, only \$3,150 has been reported, leaving a deficit of over \$25,000 on his last C-4 due to lack of contribution disclosure. Failing to disclose over \$55,000 in contributions for nearly the entire length of his campaign defeats the purpose of the Public Disclosure Commission – "to provide timely and meaningful public access to accurate information about the financing of political campaigns..." I ask the PDC for enforcement action in this matter.
