Tim Eyman's new ballot measure targets tolls and transit taxes

By Jerry Cornfield
Herald Writer

MUKILTEO — The newest ballot measure conceived by Mukilteo's Tim Eyman would end tolling on I-405 and could crimp Sound Transit's ability to bring light rail service to Everett.

As proposed, Initiative 869 also would repeal car tab fees imposed by cities to pay for local road projects and ax weight fees charged by the state to defray costs of highway improvements.

“It doesn't matter what the level of government, these taxes, fees, tolls and other charges don't have the consent of the governed,” Eyman said.

Signature-gathering for the measure dubbed “We Love Our Cars” began Thursday, he said. It is an initiative to the Legislature, which means Eyman has until Dec. 31 to turn in at least 246,372 signatures of registered voters to ensure a spot on the November 2017 ballot.

If enough signatures are collected, the measure will first be sent to the Legislature for possible adoption. If it isn't, it would appear on the ballot.

In the meantime Eyman said he has abandoned efforts to qualify Initiative 1421 for the ballot this fall. The measure, launched with much fanfare early in the year, sought to bring back $30 car tabs.

“That one never took off,” he said.

He raised nearly $200,000 for that campaign and has about two-thirds left unspent, according to online records of the state Public Disclosure Commission. Eyman said he will use those leftover dollars on this new initiative.

Meanwhile, one of Eyman's staunchest critics said the new measure would eviscerate funding for roads and transit at both the state and regional levels.

Andrew Villeneuve, founder of the Northwest Progressive Institute and Permanent Defense, also suggested Eyman might fail to get this measure to the ballot.

“Time will tell if I-869 is for real or not,” Villeneuve said. “Remember, Eyman printed up petitions for I-1421, too — and even made a big show of being the first to sign one in front of television cameras — but I-1421 has now been abandoned. I-869 won't make it either unless Eyman has commitments from his wealthy
benefactors to fund a signature drive. The gears of his initiative factory simply cannot turn without big money.”

Villeneuve vowed that if I-869 gets in front of voters, there will be an alliance of groups opposing it.

Two elements of Eyman's new measure are certain to attract a lot of interest.

One aims to repeal any increase in the motor vehicle excise tax secured by Sound Transit to pay for the expansion plan known as ST3. This fall, Sound Transit is expected to seek voter approval for an increase in that tax along with hikes in the sales tax and local property tax to cover the $54 billion expansion that would bring light rail to Everett.

Eyman said his measure, if it makes the ballot and is passed next year, would repeal any vehicle excise tax increase passed by voters as part of ST3.

The other notable piece would end tolling on I-405 and Highway 167. However, it would allow tolling in express lanes and high occupancy vehicle lanes on bridges and in tunnels.

Eyman said his measure seeks to help vehicle owners who are being overtaxed by all levels of government. “There is a war on cars and it's time for the people to fight back,” he said in a statement. “Vehicle owners already pay a huge sales tax when they buy a vehicle and a huge gas tax when they use a vehicle. It's simply not fair to be triple- and quadruple-taxed for our vehicles.”

Villeneuve said voters know money is required to maintain and improve the state's transportation system and measures such as this could make the roads they drive on worse.

“Voters have repeatedly said no to right wing initiatives that would mess with our transportation system, but Eyman refuses to listen,” Villeneuve said. “The investments we've made to strengthen mobility in Washington must be protected.”

Re: 1st Notice of Intent to Sue for Violations of RCW 42.17A

Dear Attorney General Ferguson and Prosecuting Attorney Satterberg:

We represent Washingtonians for Ethical Government (“Washingtonians”) in submitting this statutory notice of intent to sue.

Washingtonians have reason to believe that Tim Eyman, Jack Fagan, Mike Fagan, Barbara Smith, and Bring Back Our $30 Car Tabs – VMWC – 2016 (collectively “Eyman”) have violated RCW Chapter 42.17A.

Washingtonians intend to bring a citizens’ action against Eyman under RCW 42.17A.765(4) if you do not commence an action against Eyman within the following notice periods specified by statute. At the expiration of 45 days from the date of this letter, a second notice of intent to sue will be sent to you if you have not yet filed suit against Eyman. If, after 10 days following receipt of the second notice you still have not filed suit against Eyman, Washingtonians will bring an action in Superior Court.

I. Violations of RCW 42.17A.

The basis for Washingtonians’ belief that Eyman violated certain sections of RCW Chapter 42.17A is described in the attached complaint and incorporated herein by reference. Indisputable evidence shows Eyman intentionally violated our public disclosure laws.

II. Tim Eyman is a Serial Violator of RCW 42.17A.

Eyman’s latest violations are part of a long history of Tim Eyman’s disregard for our state’s public disclosure laws. Eyman already has three strikes against him, and the current violations are the fourth. He should not be given another pass.
Strike One: In 2002, Eyman was required to pay $50,000 in penalties and was barred from serving as a treasurer or having control over a political committee’s financial accounts, based upon evidence tending to show that Eyman deceived contributors, embezzled funds from his campaign organization, and failed to property report the committee’s expenditures. For specific evidence and details, see PDC Case No. 02-281.

Strike Two: In 2005, following the completion of an investigation begun in 2004, fines were assessed against three of Tim Eyman’s political committees in a brief enforcement hearing. See PDC Cases No. 05-066 and 05-068.

Strike Three: Most recently, the PDC again concluded that Eyman pocketed campaign funds for personal use and illegally used funds raised for one initiative to support a different initiative. The PDC found evidence of illegal concealment because the “expenditures were described in the committee’s report as paying for I-1185 signatures, but were intended in part to result in compensation for Mr. Eyman.” The PDC found multiple violations of the law and the matter is currently being prosecuted by the Attorney General, as described in the meeting minutes attached hereto.

Tim Eyman has repeatedly shown a complete and utter disregard for our public disclosure laws, and must be prosecuted to the full extent of the law.

All of the persons and entities described in this letter should pay a penalty for their part in this concealment.

Washingtonians intend to sue for all violations, including those yet to be uncovered and those committed subsequent to the date of this notice of intent to sue. Washingtonians believe that this Notice sufficiently states grounds for filing suit. We intend, at the close of the notice periods, or shortly thereafter, to file a citizen's action against the above-named persons and entities under RCW 42.17A.765(4) for violations of the Fair Campaign Practices Act, RCW Chapter 42.17A. If you have any questions or concerns regarding this Notice, please contact the undersigned attorney.

Very Truly Yours,

Smith & Lowney, PLLC

II. Alleged Violations

On April 12th, 2016, Tim Eyman, who serves as the designated media contact for “Bring Back Our $30 Car Tabs – VMWC – 2016” (ostensibly a ballot measure committee formed to promote I-1421, a 2016 initiative to the people) announced the launch of an online ad campaign targeted at fifty-four incumbent Democratic state legislators from twenty-one different legislative districts.

The campaign consists principally of a series of video advertisements which identify lawmakers from a given district by name and photograph, and subsequently urge viewers to “Vote Them Out”, after having assailed them for refusing to implement Respondents' previous initiative from 2015 (Initiative 1366, struck down in January 2016 as unconstitutional in King County Superior Court). The entire collection of ads was published to a website created for and dedicated to the ad campaign by a vendor, Campaign Grid.

The apparent costs of this ad campaign were disclosed in a C4 filing on April 11th, 2016 by “Bring Back Our $30 Car Tabs – VMWC – 2016”, which states that Campaign Grid of Fort Washington, Pennsylvania, was paid $42,000 on March 28th, 2016, for “Advertising Promotion for Initiative 1366”. On the same day, Anne Norwood of Gresham, Oregon was paid $780.00 for “banner advertising”, while Mark Dodd of Vancouver, Washington was paid $2,438 for “campaign computer advertising”.

RCW 42.17A.255 stipulates that a person or entity that makes an independent expenditure of more than one hundred dollars has five days to file an initial report with the Public Disclosure Commission documenting “all independent expenditures made during the campaign prior to and including such date”.

PDC Exhibit 3, Page 3 of 9
An independent expenditure is defined as “any expenditure that is made in support of or in opposition to any candidate or ballot proposition and is not otherwise required to be reported pursuant to RCW 42.17A.220, 42.17A.235, and 42.17A.240.” Guidelines published by the Public Disclosure Commission define an independent expenditure as having five elements:

1. the ad supports or opposes a candidate for state, local, or judicial office;
2. the ad is paid for by someone other than a candidate, a candidate's committee or agent;
3. the sponsor does the advertising completely independently of any candidate support in the ad (or the opponent of the candidate opposed), or a candidate's committee or agent;
4. the sponsor did not receive the candidate's encouragement or approval to produce the ad; and
5. the ad costs at least $1,000, or the cost of the latest ad when combined with the cost of earlier ads supporting or opposing the candidate, totals $1,000 or more.

The ads created by Campaign Grid for “Bring Back Our $30 Car Tabs – VMWC – 2016” meet the definition of an independent expenditure. The ads oppose candidates for state House and Senate, were financed by a committee unaffiliated with a candidate, were produced without the approval or encouragement of a candidate, and collectively cost more than forty times more than the threshold of $1,000.

Because the ads meet the definition of independent expenditures, they should contain the required statement “No candidate authorized this ad. It is paid for by (name, address, city, state)”. The PDC's guidelines unequivocally state that this statement “must be part of the ad”. For broadcast ads, the PDC's guidance states that the required disclosures “must be clearly spoken”. However, the ads in question do not contain this statement as the law requires. Nor were the ads properly reported as an independent expenditure as required by law. The PDC instructs makers of independent expenditures to “electronically file or otherwise deliver C-6 to the PDC within 5 days of spending $100 or more”, unless they are political committees, in which case they are instructed to report their independent expenditures “only on the C-4 report”.

The instructions provided by the PDC that accompany the C-4 form state: “The question posted near the top of the first page of this form regarding independent expenditures applies to ALL POLITICAL COMMITTEES required to file C-4 reports, except ballot issue committees that neither contribute to candidates nor make independent expenditures regarding them and candidate committees (because they are prohibited from making expenditures that are not directly related to their own campaigns).”

“Bring Back Our $30 Car Tabs – VMWC – 2016” is registered as a ballot issue committee, but its treasurer should nevertheless have answered “Yes” to the question “During this report period, did the committee make an independent expenditure (i.e., an expense not considered a contribution) supporting or opposing a state or local candidate?” because it did make independent expenditures opposing numerous candidates seeking reelection to the Washington State Legislature. The committee's treasurer then should have documented the independent expenditures as required using Schedule A or Part 3 of Schedule B to show:

- the date of the expense;
- the name and address of the vendor or recipient of the funds;
- if using Schedule A, an “I” in the Code column;
- the name and office sought of the candidate supported or opposed;
- an indication of support or opposition; and
- a brief description of the expense (e.g. brochure mailed to absentee voters).
None of this information was provided as part of the C4 filed on April 11th, 2016, nor has it been provided since. The committee's failure to report this independent expenditure is an act of concealment. It constitutes an egregious violation of Washington's public disclosure law. Journalists, voters, candidates and observers rely on the Public Disclosure Commission's website to track independent expenditures, but because these ads have not been reported as required, only those who actually see the website, videos, or emails generated by respondents will be aware of their existence.

Stills from the videos

Figure 4: The still above is a scene from one of the ads (the 21st Legislative District version) identifying candidates by name and photograph.

Figure 5: This still depicts the scene from the ads where viewers are urged to “Vote Them Out!” This scene is the same in every one of the twenty-one ads. As the words above appear on screen, the ad’s voiceover intones: “Tell them you’re going to hold them accountable at the next election.”
Figure 6: Immediately following the “Vote Them Out” scene, the names and faces of the ad's targets are shown a second and final time, prior to the final scene in the ad. The above is an example – again from the 21st District ad.

Figure 7: The final scene from the ads states who is responsible for the ad, including the top five contributors, but fails to include the required disclosure “No candidate authorized this ad...”

Re: PDC Complaint - Case No. 5729

Dear Tony,

Please consider this letter the response of my client Bring Back Our $30 Car Tabs Voters Want More Choices ("VWMC") to the June 8, 2016 correspondence from your office concerning the complaint filed by Knoll Lowney (the "Lowney Complaint"). Thank you for agreeing to an extension of the original requested reply date.

As a preliminary matter, VWMC believes that all of the communications at issue in the Lowney Complaint were intended to inform voters of their elected representatives position on a 2/3 majority to raise taxes. VWMC is a longstanding supporter of the policy of requiring a 2/3 majority before the Legislature may raise taxes. VWMC reported the expenditures at issue in its PDC filings (specifically its March 2016 filings), which were then was amended twice to reflect concerns that were raised in the Lowney complaint and at the suggestion of PDC staff. The materials at issue in the Lowney Complaint have not been available to the public since June 2nd (June 4th at the latest).

Your letter requested three specific pieces of information/documentation (in addition to inviting a response on any aspect of the complaint):

---

1 Committee Treasurer Barbara Smith spoke with Jennifer Hanson of the PDC regarding these amendments on May 24/25, 2016 and corresponded with her in early June as well.

12900 NE 180th Street, Suite 235, Bothell, WA 98011
Tel: (425) 368-4238 Fax: (425) 489-2824
1. The 21 Videos described in the Lowney complaint that are unavailable for viewing by the Public.

This office provided you with a link to the above referenced videos on June 22, 2016. You indicated in an email to me earlier today that you had difficulty accessing the videos, but when we spoke this afternoon your office had been able to access them. I believe my client’s response to this query is complete but please let me know if you require any additional information.

2. Copies of all invoices and receipts documenting the cost of communications in the Lowney Complaint.

Attached please find the requested receipts, please advise if you have any questions or require additional information. I have also enclosed a copy of the March 2016 VWMC PDC filing disclosing the same.

3. As discussed above, VWMC believed the communications in question were to educate voters on the position of their legislators on the 2/3 majority for taxes. It is not a primary purpose of VWMC to support or oppose candidates for public office. That said, after conferring with PDC staff, VWMC amended its PDC reports as PDC staff suggested and later removed the material at issue from public access. PDC staff did not suggest that VWMC needed to amend its C1PC form. That said, at this point in time: 1.) the communications at issue in the Lowney Complaint are no longer publicly available, 2.) VWMC has taken all actions requested by PDC staff, and 3.) while it does not believe further amendments to its PDC filings are required, VWMC is more than happy to revisit this issue if PDC staff disagrees.

In conclusion, VWMC desires to fully cooperate with your agency and is willing to consider any additional requests you may have that will help you dispose of the Lowney Complaint. Please don’t hesitate to contact this office directly if you would like to discuss this matter further.

Sincerely,

THE NORTH CREEK LAW FIRM

Tony,

Thanks for your message. In the interest of time I will dispense with formalities and simply address the questions below in bold. That said, as a general comment, I think the record clearly reflects my client made no effort to conceal their involvement in the expenditures at issue or the costs associated with them (indeed they heavily disclosed their affiliation in all communications to the public and press). Thank you and please don’t hesitate to contact me if you have difficulty opening the attachments.

Best,

Mark

Thank you for your letter, responding to the Citizen Action Notice regarding the Bring Back Our $30 Car Tabs – VMWC – 2016 committee (PDC Case 5729). Having reviewed your response, I have additional questions and requests. Please see below.

As you know, in investigating PDC Case 5729, our staff is operating within the time constraints imposed by RCW 42.17A.765(4). We believe that the complainant in this citizen action notice may file a “10-day notice” on July 9, 2016 and go to court in the name of the state ten days later, on July 19, 2016. Staff hopes to complete our investigation and put the Public Disclosure Commission in a position to recommend any AGO action it deems necessary before July 9, 2016. Accordingly, a response to our questions as soon as is practicable would be appreciated.

1. Please identify the expenditures by Bring Back Our $30 Car Tabs – VMWC – 2016 that paid for the following:
   - the emails documented in the attached file (for your reference, the emails are bookmarked by the date of transmission); and
   - the web site www.two-thirds-to-raise-taxes.info.

   If your client has not yet provided copies of receipts or invoices documenting the cost of the above expenses, please ask them to do so.

   There was no cost to my client to send out the emails in question. The website is on auto-pay from MailChimp which was a flat fee of $50 a month, so $100 for the two months the materials were available.

2. Your response states that “VMWC believed the communications in question were to educate voters on the position of their legislators on the 2/3 majority for tax increases.” However, the committee that sponsored these communications, Bring Back Our $30 Car Tabs – VMWC – 2016, was not registered in its campaign filings to support an initiative related to a 2/3 majority for tax increases. As previously noted, the committee was also not registered to support or oppose any candidates. Rather, the committee was registered to support I-1421, an initiative concerning motor vehicle taxes and fees. Please explain why the committee sponsored expenditures for a purpose unrelated to supporting I-1421. (We do not feel we have received a complete answer to this question, and so we are asking again in an attempt to put together a complete record for the Commission to consider.)

   VWMC did not have the intention of making any expenditures that referenced elected officials when it was formed. After the legislature failed to act on the 2/3 amendment to the Washington Constitution the officers of the committee felt it was important that the voters of the state understand this and be informed about how their elected representatives voted. Because none of the officers had any experience as part of a committee had made expenditures such as this they did not understand the PDC’s position that the committee would need to amend the C1PC to permit the committee to comment on such issues. The committee generally opposes higher taxes that are not approved by either the voters or a supermajority of their elected representatives. As such, VWMC supports a return to $30 tabs and a 2/3 majority requirement. Although all expenditures were timely reported and disclosures were made on the communications, VWMC will amend its C1PC to reflect the concerns you have expressed below. Attached is a proposed amended C1PC for your approval.

3. Finally, because Bring Back Our $30 Car Tabs – VMWC – 2016 sponsored expenditures unrelated to the purpose for which it registered with the PDC, I recommend that the committee file an amended C-1pc registration indicating its updated purpose. Please identify any candidates or ballot propositions supported or opposed, in addition to I-1421. (If the committee will file an updated registration, PDC staff will report to the Commission that the registration was amended, albeit late. Otherwise, staff will have to report that the committee failed to amend its registration.)
Now that VWMC understands the PDC staff would like the committee to amend its C1PC, VWMC will prepare an amended C1PC registration form. VWMC has attached a draft amended C1PC for your review and approval. Please feel free to call or email with any specific guidance on how your office believes that report should be amended further prior to filing.

Thank you for your attention to this. Please let me know if you have questions prior to responding.

Sincerely,

Tony Perkins | PDC Compliance & Enforcement

Tony,

Attached please find a revised proposed amended C1PC per your email below, please review and let me know if this addresses your concerns. If so, then I will have them sign it and mail it in.

My email below was referring to the copies of emails that Voters Want More Choices emailed out, which is what my email was referring to. As for Campaign Grid, they distributed the videos themselves (and this expense was reported at the time). The emails by Voters Want More Choices (the ones attached to your email) are the ones I was referring to in my email.

The top 5 contributors were the largest contributors to PACs with the VWMC moniker in 2016 (BRING BACK OUR $30 CAR TABS-VWMC-2016 and TOUGHER TO RAISE TAXES VWMC). The Committee was attempting to disclose the largest donors to VWMC PACs to the public. Indeed Tim Eyman and Mark Needham gave substantially more to Tougher To Raise Taxes VWMC than other top donors contributed to BRING BACK OUR $30 CAR TABS-VWMC-2016. The officers felt they were providing the five largest donors at the time the videos were created. If this was in error the committee sincerely regrets this, but the officers do not believe amending the disclaimers at this time is useful or practical since the videos are no longer available to the public.

I understand and appreciate the time constraints you and your agency are operating under a tight timeline and have endeavored to respond quickly and directly.

Best,

Mark

Subject: RE: Response to PDC Complaint No. 5729

Mark,

Thanks for your email and voice message. Regarding your client’s amended C-1pc report, I have noted that the attachment does not discuss any ballot propositions your client’s online video expenditures may have supported. I note that at the time of the expenditures in question, Tim Eyman had at least one 2016 initiative related to a 2/3 vote requirement for tax increases filed with the Secretary of State, and (together with Jack and Mike Fagan and Barbara Smith) at least one political committee registered with the PDC to support a 2016 initiative providing for a 2/3 vote requirement for tax increases. Given that the 2/3 vote requirement was a major theme of the videos at issue, if the videos supported any 2/3 supermajority ballot proposition, that ballot proposition should also be identified on the committee’s amended C-1pc registration. Once the registration reflects all candidates and ballot propositions supported and opposed by the Bring Back Our $30 Car Tabs – VMWC – 2016, please ask your clients to sign and place the amended registration in the mail.

On a separate topic, having reviewed your responses in bold below, I will need clarification on one point. You state that your client incurred no cost to send out the emails that transmitted the candidate videos. I assumed that the services of Campaign Grid, for which your client paid $42,000, were involved in sending the emails. If this assumption is incorrect, please describe what Campaign Grid did for its $42,000 payment. (Note that the purpose of this payment was described in your client’s original reports as “Advertising Promotion for Initiative 1366” and in your client’s amended reports as “Educational video regarding legislators votes.”)

Finally (and I apologize for raising a new question at this juncture), I have noted that the “Top 5 Contributors” information displayed in your client’s candidate videos appears to be inaccurate. The top five contributors are listed in the video as Kenneth Fisher, Clyde Holland, Tim Eyman, Mark Needham, and Suzanne Burke. Mr. Fisher, Mr. Holland, and Ms. Burke were indeed among the top contributors to the Bring Back Our $30 Car Tabs – VMWC – 2016 committee, however that committee has disclosed no contributions from Mark Needham or from Mr. Eyman. Can you explain the committee’s choice of contributors to identify in its videos?

As to the question left in your voice message, a political committee registered and reporting under RCW 42.17A.235 and .240 would file a C-6 report only in two circumstances. The first is for independent expenditure political advertising valued at $1,000 or more and presented to the public within 21 days of an election. RCW 42.17A.260. The other instance is if the committee sponsors electioneering communications as defined in our chapter of law. RCW 42.17A.005(19), and RCW 42.17A.305. The remaining C-6 requirement for independent expenditures valued at $100 or more does not apply to expenditures required to be disclosed by a political committee. RCW 42.17A.255. Let me know if you have any questions about this.

Thank you for your continued assistance. I believe I am nearly ready to write up my findings and move this matter closer to resolution.

Sincerely,

Tony Perkins | PDC Compliance & Enforcement

Subject: RE: Response to PDC Complaint No. 5729

Mark,

Thank you for your letter, responding to the Citizen Action Notice regarding the Bring Back Our $30 Car Tabs – VMWC – 2016 committee (PDC Case 5729). Having reviewed your response, I have additional questions and requests. Please see below.
As you know, in investigating PDC Case 5729, our staff is operating within the time constraints imposed by RCW 42.17A.765(4). We believe that the complainant in this citizen action notice may file a “10-day notice” on July 9, 2016 and go to court in the name of the state ten days later, on July 19, 2016. Staff hopes to complete our investigation and put the Public Disclosure Commission in a position to recommend any AGO action it deems necessary before July 9, 2016. Accordingly, a response to our questions as soon as is practicable would be appreciated.

1. Please identify the expenditures by *Bring Back Our $30 Car Tabs – VMWC – 2016* that paid for the following:
   - the emails documented in the attached file (for your reference, the emails are bookmarked by the date of transmission); and
   
   If your client has not yet provided copies of receipts or invoices documenting the cost of the above expenses, please ask them to do so.

   There was no cost to my client to send out the emails in question. The website is on auto-pay from MailChimp which was a flat fee of $50 a month, so $100 for the two months the materials were available.

2. Your response states that “VMWC believed the communications in question were to educate voters on the position of their legislators on the 2/3 majority for tax increases.” However, the committee that sponsored these communications, *Bring Back Our $30 Car Tabs – VMWC – 2016*, was not registered in its campaign filings to support an initiative related to a 2/3 majority for tax increases. As previously noted, the committee was also not registered to support or oppose any candidates. Rather, the committee was registered to support I-1421, an initiative concerning motor vehicle taxes and fees. Please explain why the committee sponsored expenditures for a purpose unrelated to supporting I-1421. (We do not feel we have received a complete answer to this question, and so we are asking again in an attempt to put together a complete record for the Commission to consider.)

   VWMC did not have the intention of making any expenditures that referenced elected officials when it was formed. After the legislature failed to act on the 2/3 amendment to the Washington Constitution the officers of the committee felt it was important that the voters of the state understand this and be informed about how their elected representatives voted. Because none of the officers had any experience as part of a committee had made expenditures such as this they did not understand the PDC’s position that the committee would need to amend the C1PC to permit the committee to comment on such issues. The committee generally opposes higher taxes that are not approved by either the voters or a supermajority of their elected representatives. As such, VWMC supports a return to $30 tabs and a 2/3 majority requirement. Although all expenditures were timely reported and disclosures were made on the communications, VWMC will amend its C1PC to reflect the concerns you have expressed below. Attached is a proposed amended C1PC for your approval.

3. Finally, because *Bring Back Our $30 Car Tabs – VMWC – 2016* sponsored expenditures unrelated to the purpose for which it registered with the PDC, I recommend that the committee file an amended [C-1pc registration](https://www.pacificnorthwestlaw.com) indicating its updated purpose. Please identify any candidates or ballot propositions supported or opposed, in addition to I-1421. (If the committee will file an updated registration, PDC staff will report to the Commission that the registration was amended, albeit late. Otherwise, staff will have to report that the committee failed to amend its registration.)

   Now that VWMC understands the PDC staff would like the committee to amend its C1PC, VWMC will prepare an file an amended C1PC registration form. VWMC has attached a draft amended C1PC for your review and approval. Please feel free to call or email with any specific guidance on how your office believes that report should be amended further prior to filing.
Thank you for your attention to this. Please let me know if you have questions prior to responding.

Sincerely,

Tony Perkins  |  PDC Compliance & Enforcement
