

File a Formal Complaint - Michael Blocher

[Michael Blocher](#) (Wed, 1 Nov at 1:12 PM) via Portal Meta

To Whom it Must Concern-

Through a public records request I have discovered the following, and want to file a complaint about what I believe to be illegal and unethical campaign activity by Port of Olympia Commissioner Zita.

- 1) Contained on Commissioner Zita's Port issued computer is campaign related material, such as a campaign flier, donor lists and list of endorsements for her Port of Olympia campaign.
- 2) Commissioner Zita announced a May 30, 2017 meeting to be held at Port of Olympia offices that was (Sponsored by Zita for Port). An improper use of public property.
- 3) Commissioner Zita held a meeting at the Port of Olympia offices on July 21, 2017. Invitation to the meeting was not announced publicly, it was only known to a few of Commissioner Zita's campaign supporters. Another, improper use of public property.
- 4) Commissioner Zita's Port issued computer also contains student information along with other items related to her job as an Evergreen State College Professor.

Commissioner Zita has had training in ethics and use of public resources, and should know that Port of Olympia property cannot be used for political campaigning or any other personal use.

This is the second complaint filed concerning Commissioner Zita's campaign activities this year.

The PDC should investigate the above violations, as there appears to be a willful disregard for campaign rules and regulations. If the PDC finds that to be the case, the PDC should refer the matter to the Attorney General's office for prosecution.

Please don't hesitate to contact me if you need additional information.

Thank You,

Michael Blocher

Mr. Blackhorn,

All of the information and documentation regarding this complaint was obtained from The Port of Olympia, through Public records requests. Attached is just a few of the files contained on the thumb drive I reviewed. I can provide the entire thumb drive if you want it.

Dear colleagues and friends:

We urge you to support E.J. Zita for Port of Olympia Commissioner. Community leaders recruited Zita~~She was recruited by community leaders~~ for the District 3 seat vacated by Sue Gunn earlier this year. For the last decade as a private citizen, Zita has been holding the Port to higher standards ~~for a decade, with some success~~. She wants the Port to be open and accountable to ~~the~~ voters, to work collaboratively with local governance, and to ensure that~~for~~ Port resources ~~to~~ serve the people.

Zita has been a local citizen activist for many years. She worked to reform police practices and helped found our faculty union. Starting in 2005 she represented her neighbors to protect nearly 200 acres of Port-owned urban forest in the Salmon Creek Basin south of Olympia, ~~targeted for industrial development.~~ Zita~~She~~ wrote Environmental Impact Statement appeals, and worked with the City of Tumwater to pass an ordinance protecting residential and school zones from large warehouses and heavy truck traffic.

~~Now~~ Zita currently serves on the Port's Advisory Committee for New Market Economic Development, advocating for sustainable development and infrastructure, renewable energy, and good stewardship of natural resources. With her training in physics and philosophy; experience in industry and in communication across differences; and skill in facilitating research projects, Zita can improve Port planning and operations.

As chair of Thurston County's Agriculture Committee, Zita supports farmers and land preservation. She advocates for Port support of farmers' markets throughout Thurston County; ~~a~~ farm-to-market center for food processing and distribution; and linked resources for local farmers and local food.

We are supporting Zita for Port, and we hope you will consider endorsing her and sending a contribution to her campaign. You can mail your contribution to the address below or by going to her website at www.zitaforport.com.

Thank you!
