

File a Formal Complaint - William Noland

[Williamnoland](#) reported 2 days ago (Mon, 7 Aug at 5:30 PM) via Portal

On 7/10/17 I received an anonymous flyer in the US Mail concerning Puyallup City Council member John Hopkins, alleging unlawful or unethical acts. The flyer was not signed nor did it have any identifying information. In my original correspondence with the PDC, I attached a copy of the flyer. I cannot attach a file at this time because I did not keep the flyer. I am filing this complaint not because I am a supporter of John Hopkins; rather, I think it is cowardly, unethical and unlawful to smear a candidate for political office without identifying the sponsor of the mailing. I have been advised by the PDC staff that they are now aware of the bulk permit holder. As a consequence, it is my understanding that the PDC can make additional inquiries in trying to determine the sponsor of the mailing. It is my hope that the sponsor of the mailing can be identified as a result of this complaint. Thank you for your efforts to resolve this matter.
