

File a Formal Complaint - Genevieve Roberts

Genevieve Roberts reported a day ago (Tue, 31 May at 10:28 PM) via Portal Meta

Tina Podlodowski is a candidate running for Washington Secretary of State. On March 10, 2016, she posted a video to her campaign Twitter account. The video in question can be found at:<https://twitter.com/votersfortina/status/708111641909407744>

The video includes the campaign disclosure ("Paid for by Voters for Tina"), but not the party identification that is mandated by RCW 42.17A.320. The video ends after the narrator says "Paid for by Voters for Tina."

This video has been 'pinned' to the top of Ms. Podlodowski's Twitter page since March 10, and has not been removed or altered since. It automatically plays each time anyone navigates to her page, including herself or campaign staff. It has been highly visible, and a major part of her social media strategy for several months.

The omission of Ms. Podlodowski's party affiliation is not due to time constraints. Ms. Podlodowski has previously posted a longer video on Twitter: <https://twitter.com/votersfortina/status/730853015746285568>.

I request that the PDC investigate and take any and all remedial action
