Rulemaking Update | PDC Meeting Video
BG Sandahl, Deputy Director, presented for consideration and possible approval an extension of emergency rules to implement SSB 6152, concerning certification of the level of foreign national ownership for corporations that participate in Washington state elections. This procedural step needs to occur because the emergency rules in place expire October 11, 2020. The extension would extend the rules through February 11, 2021. A public hearing is scheduled for the December 3, 2020, regular Commission meeting for stakeholder input and discussion.

MOTION 20-077 Moved by Commissioner Downing and seconded by Commissioner Jarrett that:

The Commission approve the request for the rulemaking extension for emergency rules for SSB6152 until February 11, 2021.

The motion passed 5 - 0.

Rulemaking Continued – Foreign Donor Prohibition | PDC Meeting Video
Sean Flynn, General Counsel, provided an overview of proposed permanent rules for SSB 6152 for consideration, regarding foreign donors and the process on reporting certifications that are required to be received from non-individual contributors; and to put forth for public comment on the permanent rules for implementation of new sections, WAC 390-16-330 and WAC 390-16-335.

MOTION 20-078 Moved by Commissioner Jarrett and seconded by Commissioner Isserlis that:

The Commission approve the proposed language for permanent rules implementing SSB 6152, to be put forth for public comment on the permanent rules for implementation of WAC 390-16-330 and WAC 390-16-335.

The motion passed 5 - 0.

Rulemaking Continued – Statement of Financial Affairs | PDC Meeting Video
General Counsel Flynn discussed proposed amendments to WAC 390-24, regarding F-1 reporting requirements. Since implementation of the new financial affairs reporting application, clarifying and technical changes were needed in addition to removal of any references no longer applicable.
Chair Ammons stated that the suggestion of expanding the address confidentiality for Sheriffs and Prosecutors, etc. to now include deputies, could exceed the authority of the statute. If this category of filers does want this confidentiality available, it would be a policy question for the Legislature.

Mr. Flynn also discussed proposed amendments to WAC 390-28 regarding modification requests. Commissioner Downing stated that the criteria for requesting a modification for income and ownership interests should not require the showing of a confidential relationship but could also include economic hardship as grounds for the request. Commissioner Lehman stated that confidential relationships should only be considered in exceptional circumstances.

**MOTION 20-079** Moved by Commissioner Downing and seconded by Commissioner Lehman that:

The Commission approve the recommended proposed rules, with the incorporation of the alternative proposed language for WAC 390-28-100 regarding confidential agreements as a criteria of the hardship showing, and not a stand-alone element.

The motion passed 5 - 0.

**Agency Spotlight | PDC Meeting Video**
Executive Director Lavallee expanded on the discussion of PDC auditing initiatives at previous meetings, as part of a broad umbrella of Data Integrity. The PDC performs regular audits and continues to review data with the goal of timely transparency, providing the public with access to accurate information and helping filers to file their reports correctly, but the efforts to ensure data integrity go well beyond traditional audit activities.

Communications and Outreach Director Bradford noted the PDC having already made multiple efforts in ensuring accurate data, such as developing better filing systems that help prevent filers from making mistakes, notifying them of any corrections to be made and allowing them to file complete reports. She noted since the launch of Open Data in 2017, both the public and PDC staff have access to the same information and datasets, allowing for better outreach and spot compliance checks. Staff continue to perform audits and to assist to filers whose reports require corrections to ensure data integrity prior to the auditing and compliance stage.

Meeting adjourned at 2:30 p.m.
